“ We are so thankful for Arta and the life she lived. She inspired us in the way she lived her life personally and professionally. We were shocked and deeply saddened to learn of her sudden passing. It feels too soon but Arta always lived her life fully. We are proud to have called her friend. Of her children we know Katie the best and we send her and the other children our deepest sympathies. May God hold you close and bless each of you with peace, comfort, strength, hope and fulfillment in the days and weeks ahead. Your mother is so proud of each of you and loves you dearly.
