“ Dear Uncle Charles,
I miss you every single day and today is your birthday. You would have been 30 today. I miss you and the way you would call me "butt-chin" and wear that snowman suit every Christmas.
Sincerely, Lilliann

“ I love you Charles. I love you Billie. Hug Penelope for me. We miss you, the kids miss you, but your presence is still mighty. You will never be forgotten. Not on my watch, my time, no way, no day. ❤️
See you when I see you ☐❤️❤️

“ I haven't been the same since you left.
I don't see anyone the same since you left.
Both of you. I can hear you guys telling me that it's actually a blessing in disguise.
You have always brought me so much clarity.
I really wish I could laugh with you or cry with you just one more time. Ask you a million questions. Introduce you to people and have an ear splitting smile when I say "this is my brother" or "these are my brothers".
At least I'm not afraid of the dark or ghosts anymore, because I know you guys are ten toes down for me in the afterlife.
Everything we always talked about will come to fruition. Everything.
Your baby sister loves you.
