“ David was the 5th Member of PhoKus. His was cherished for his cheerfulness and picked because of his beautiful voice. We always teased him for his resemblance to "Pump-it-hottie" but we loved him. Unfortunately, the group broke up and disbanded before David could demonstrate his talent(s) to the world. We know he struggled with a lot of different things, but we will miss him eternally as he will forever be PhoKus!! - Darian (aka B.Touch) "Love you bro!"
