“ *Johnna and I worked together at Quest in 2004-5. I will never forget her beautiful spirit and how much she loved her son Johnel. I mourn the loss of such a spirit in this world.

“ *Johnna, I will always remember you fondly not only as a caring and gracious lady, but also as a good friend whom it was to my most profound pleasure and privilege to have made your acquaintance. And though Fate has ordained that your absence from this world was necessary, I am sure that I speak for many when I say your departure came far too soon and will be deeply felt and you will be greatly missed. May I also express my heartfelt condolences to your family and especially to your son, Johnel. As with you I had the good fortune of meeting him several times, and he always impressed me as a fine young man who, due to your teachings, will go on to find his way in life to pursue his dreams and fulfill his destiny. Your task is now complete. With that all you need to do now is to rest peacefully for you have become one with the Universe. Perhaps someday, in a different reality, we will have the pleasure of meeting once again.*

“ I was so saddened by the passing of Johnna. She was a true friend and when I had a health crisis she came to the hospital with a beautiful plant to see me. Holidays were never missed without a text from Johnna. Yes she took the time out of her busy full life. It is so hard to realize the woman that was so full of life is gone. I pray for peace for her family that she loved so much. Johnel may you find memories in your heart that will give you comfort of the Mother that loved you endlessly. I thank God you have a loving family to help you through these difficult times. Peace be with you today and always. May God Bless You All.

“ *Saying that Johnna was a friend of the family doesn't feel right because Joanna was family. Joanna and Sherry grew up with my older sister's and I have known her my entire life. The news hit us all very hard for we truly loved Joanna. She was an amazing person who will be missed, but we will always have great memories and I will never forget her laugh.*

*We love you all and will keep you in our prayers.
