My deep-felt sympathy goes out to the Foster family. Chris is with God and His Angels.

“ Hello, my name is Jack Werstein. I met Chris (he never called himself Leicester, at least not publicly!) in Denver in the Spring of 1976. We became fast friends and spent many fun days, months, years together. We liked to hang out at Cheesman Park, and we joined in Denver's Gay Pride in 1979 & 80, where it was celebrated. I moved to DC in 1981, and Chris visited me there in @1982. I came back to Denver throughout the 80's and we would connect, though only for short periods of time. Unfortunately we lost touch over the years, but that never stopped me from always loving and caring for this fine man. Chris was alive, on fire, and had a beautiful spirit that was captivating. He was funny, curious and adventurous and was always there if you needed him. His smile as you can see in the photo was charismatic, and people loved being around him. I know I did. I am deeply saddened by his passing. He was a good and kind human being, and knowing and loving him has made me a better person. I will miss him tremendously but will always have that brilliant smile to keep me happy.

Thank you.
