“ We were fortunate to live next door and share our lives with the Davis Family. The kids in our family basically mirrored the Davis kids. We grew up together and continued to share our lives through adulthood. It was very important to visit Mr. and Mrs Davis when any of us came to Denver. Mrs. Davis helped shape my life, I will always cherish my hugs and will miss her funny laugh. What a Beautiful woman with the warmest heart. You will be miss and I will continue to HUG a Davis when I come home to Denver.

Love Always,
Venus Jennings
