“ When I was younger one day I call him papa and as a child I was hurt because he said "I am not your papa I am your Grandpa" and I did not understand WHY
As a adult I understand that it was because he was in a category of his own. No comparison at all. Both Loved me the same to have a Grandpa or papa or grand daddies love is undescrivable.
I love you grandpa.

“ You have crossed the paths of so many people. Your methods might have been misunderstood at the time but when needed the wisdom you shared came in handy. I love you and will miss you.
Your daughter,
Trenna
